**Subject:** Application 09720542 (RUSH 10 Days)

Hello Justin,

There appears to be an outstanding printer-rush on this application. You may not have noticed the IFW message. However, there appears to be some question regarding the sub-class on the SRFW.

I'm including with this e-mail a set of directions for correcting a printer rush. If you have any other questions, or if I can be of any further assistance, please just let me know.

Thank you

## **Printer Rush Instructions**

1. In e-Dan look for "RUSH" document with a date that corresponds to the date on above.
2. Review the comments on the Printer Rush document.
3. Prepare necessary documentation that will resolve the Printer Rush, i.e., Index of Claims, Examiner's Amendment, Initial 1449, etc.
4. **Print** the RUSH document, write your response and initial in the Response box.
5. If a document requires mailing to applicant, include the RUSH document on the left side in a Red Action Folder with the outgoing documents to be counted, mailed and scanned.
6. If no document needs to be mailed to the applicant, attach an orange routing sheet to the RUSH document with other pertinent documents and send to scanning (DTSV pickup in each of the Service Centers) - the doc code should be indicated as "**XRUSH**" on the orange routing sheet.
